

Contemporary/Celebration Worship Leader

As an established community congregation, we are prayerfully seeking an individual to help us build upon our increasingly successful weekly Intergenerational Celebration Worship Service. The person we are looking for is a collaborative, visionary, action-oriented faith leader who excels at leading and bringing to life engaging worship and discipleship experiences. Currently our celebration service attracts and serves both families and individuals by providing them with a less traditional, more interactive, worship opportunity while still balancing the elements of the traditional United Methodist worship. We are looking to add to that experience with live contemporary and traditional music, innovative experiences, and hands on opportunities that will create an even more engaging and inclusive faith experience.

Major Duties

- Lead the vision, planning, and execution of the evolution of our Celebration Service
- Work with the lead pastor and staff to prepare and present all content needed for this weekly service, plus a special Christmas Eve Service.
- Develop activities that emphasize liturgical calendar and themes reflected in Sanctuary Worship.
- Use ProPresenter software to create slides for the Celebration Service.
- Work with and support the Intergenerational Ministries Team.
- Prepare and manage budget for the Celebration Service.

Skills

- Strong interpersonal skills and presentation skills.
- Ability to lead and work with staff, volunteers, and members..
- Proficient in using Microsoft Office products, Facebook, email and ProPresenter, preferred. Will teach.

Experience:

- 2-3 years of experience in a leadership role.
- Music background preferred (sing and play an instrument).

Who We Are

Emmanuel Community UMC is a congregation of the United Methodist Church, a global denomination that engages in mission and ministry around the world. We are deeply connected to other United Methodist churches and organizations, coming together in conversation to discuss important issues and discover God's will for the church.

What We Believe

United Methodist Christians are Grace-filled, Missional, Practical and Connectional.

Grace-filled

We believe in grace, not judgment, as the starting point for understanding the love of God and our relationship to God.

Missional

We serve others in Jesus' name and proclaim the Gospel through word and deed.

Practical

Our faith makes a difference in the way we live each day.

Connectional

Every United Methodist congregation is connected to every other one. While there are certain beliefs we all share as Christians and United Methodists, each congregation may live into those beliefs differently, depending on the context of their ministry.

What That Looks Like

At Emmanuel Community UMC, our discipleship grows out of our [evangelical heritage](#) which focuses on a relationship with Jesus Christ. Imitating Christ expects that we love God, people, and self. A just society is close to our heart as we serve to transform the world.
